

Foundation Stage Newsletter

Our Learning

We have been:

- Writing simple sentences using our imagination
- Practising our blending and developing fluency in our reading
- Practising our letter formation
- Learning about subtraction within ten using part-part whole models and ten frames
- Separating one part from a whole number and seeing what's left
- Discussing how to keep our body healthy and prioritise sleep
- Creating a dance in PE
- Reading the story 'Whatever Next' by Jill Murphy
- Science Week
- Historian of the Month – Tim Berners-Lee

Parent Consultations

Thank you to everyone who we managed to speak to on Monday or Wednesday during the Parent Consultations. I hope you enjoyed listening to how much your child has improved! We really are proud of them!

We look forward to working with you during the final term to help the children achieve their Early Years Learning Goals and prepare for Year 1.

Thank you

Miss Osejindu, Mrs Martin and Mrs Marino

News

Space

Our current topic is 'Space'. The children have absolutely loved learning many new and exciting things about space. We have learnt all the names of the planets, all about astronauts including Tim Peake and Neil Armstrong and have even watched how astronauts sleep, eat and move in the International Space Station. Have a chat with your child over the weekend and see what they can tell you about it.

Art

This week, we looked at the artist Vincent Van Gogh and used pastels to recreate his famous painting, the 'Starry Night'. The children explored how to mix their colours by smudging the pastels with the tips of their fingers.

Police Force/Firefighters

If you or anyone you may know, works in the Police force or Fire Service and would like to come in for 30 minutes to share a little bit about their role in uniform, we would be most grateful. We will be learning about Stranger Danger on the 26th and 27th March (or alternatively, 17th April), and it would be nice to talk about people who helps us in the community. If you are willing to help, please let Miss Osejindu know. Thank you!

Homework

1. Reading - please write a comment in your child's reading record to help us see how they are progressing at home with reading.
2. Phonics wallets - recapping all Phase 3 phonics sounds and new tricky words - they all
4. Can you subtract a part from a whole number? What is 10 take away 3? If we take 6 away from 8, how many will be left?
