Times Tables

Write out your 8 times table to help you answer these questions. You can also use Times Table Rockstars.

How many legs are there altogether?

Circle the **correct** calculations.

$$8 \times 8 = 63$$

$$24 \div 3 = 8$$

$$32 = 4 \times 8$$

$$96 \div 8 = 11$$

$$9 \times 8 = 72$$

$$8 = 40 \div 4$$

Half Term Project

Our geography topic this half term is **Europe**. We would like you to use your art skills and create a flag from a European country. You could draw it and colour it in, paint it, or create a collage! We looked forward to receiving different of European Flags! Please return your project by Monday 19th October.

Year 4

This Week's Learning

English

In English this week, we were introduced to our new book Arthur and the Golden Rope. We explored what happened at the start of the story, created dialogue between Thor and Arthur and began to plan our own quests.

Weekly Challenge: Punctuate the dialogue below. Remember, if the reporting clause is at the start, what do you need after?!

1. What time will they arrive asked Sarah
2. Jack said My favourite colour is blue
3. The dragon sighed I'm tired of everyone running away from me
4. Off with her head shouted the Queen of Hearts
5. The frog declared Kiss me and I'll turn into a prince

Maths

In Maths this week, we continued our work on Place Value. We found 1000 more or less than a number, ordered and compared 4-digit numbers and then regrouped numbers in lots of different ways.

Weekly Challenge: Complete the sequences below. Remember to look at which column changes.

1400	2400				6400		8400
10 100				6100	5100		
			4750			7750	8750

Foundation Subject: This week we had our Geography on Europe. We have read maps, learnt about capital cities and compared Paris and Vienna; looking at climate, population and landmarks. We have then created a brochure all about Europe!

We hope you all have a lovely weekend
