MATHS

In Maths this week, we regrouped numbers in different ways. We then represented our regrouping as an addition calculation.

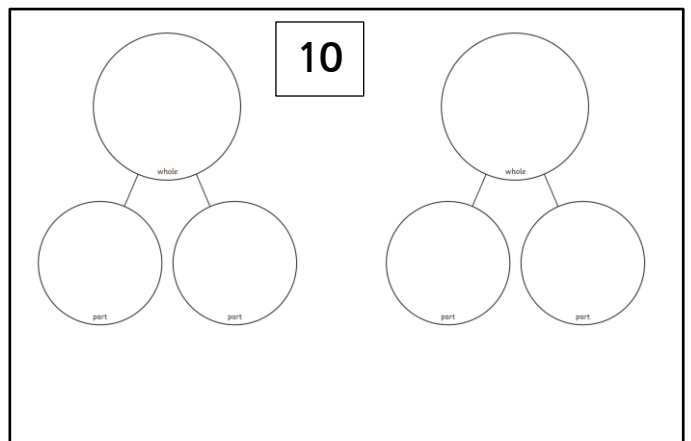

Task: Regroup 9 and 10 in two different ways. Write an addition sentence to match it.

$$\underline{\quad} + \underline{\quad} = 9$$

$$\underline{\quad} + \underline{\quad} = 9$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

Half termly project

We are learning about toys on the past. We would like you to find out about what sort of toys your grandparents or parents played with as children. We would love you to make a picture or poster of toys used in the past and present it in a creative way! (You could ask your grandparents, parents, or another member of your family.)

Please return by Friday 16th October

Happy researching! ☺
